Product Roadmap 2027

This roadmap is shared with all employees so teams can plan together. Dates are targets, not commitments to customers; do not share it externally.

Quarter	Release	Highlights
Q1 2027	Orbitra Fleet 2.4	Route optimization v2, faster telemetry sync
Q2 2027	Orbitra Fleet 3.0	Flagship release: autonomous yard docking
Q3 2027	Ops Console 5	Redesigned dispatcher UI, custom alerts
Q4 2027	EU Data Residency	Customer data stored in the Frankfurt region

Themes

- Reliability: 99.95% availability for the fleet API.
- Self-serve onboarding: a new customer live in under 7 days.
- Europe: EU data residency unlocks our first German customers.
